## Summary

Motivated second-year Computer Engineering student at University of Ottawa (**9.1/10.0 CGPA**) with strong programming skills in **Java, Python, HTML, CSS, and JavaScript**. Proficient in both front-end and back-end development using **Node.js, Express, and MongoDB**. Eager to explore Machine Learning for real-world problem-solving. seeking internships to gain hands-on experience and collaborate with industry professionals. Passionate about making a positive impact in the field of Computer Engineering.

## Technical Skills

### Programing Skills

Proficient: Java

Familiar: JavaScript, Python, C++

### Web development

HTML, CSS, React.js

### Libraries, Frameworks, Tools

Node.js, Express.js, MongoDB, Bootstrap, JUnit, Git, GitHub, JIRA

## Education

### University of Ottawa

**Sep-2022 to Present | Ottawa, ON**

*Bachelor of Applied Science in Computer Engineering (9.1/10.0) CGPA*

- Currently in second semester and advancing my knowledge in programing language such as Python, Java.
- Practiced advanced concepts of Java (OOP) and Data Structures and Algorithms.

### Cambrian College of Applied Arts and Technology

**09/2017 to 04/2019 | Sudbury, ON**

*Industrial Mechanical Millwright Technician (3.86/4.00) GPA*

## Projects

### Personal Portfolio Website (<https://nisarg3322.github.io>)

**July-2023 to Present**

- Leveraged my expertise in HTML, CSS, and JavaScript to craft a captivating personal portfolio website hosted on GitHub Pages.
- Currently refining the website while exploring cutting-edge libraries like partical.js and tilt.js, incorporating sleek design elements and responsive design to enhance user experience on any screen size.
- Demonstrating proficiency in version control through meticulous utilization of Git and GitHub to meticulously track progress and collaborate with others. All code is available on my GitHub repository, showcasing my commitment to transparency and continuous improvement.

## Experience

### TD Canada Trust

**05/2022 to 09/2022**

*Customer service representative*

- Maintaining solid customer relationships by handling questions and concerns with speed and professionalism
- Resolving customer complaints, managing database records, drafting status reports on customer service issues
